

InstructionImpl::monitorenter

```
graph LR; A[InstructionImpl::monitorenter] --> B[InstructionImpl::nop]
```

A diagram showing a call from the `InstructionImpl::monitorenter` method to the `InstructionImpl::nop` method. The `monitorenter` box is shaded gray, and the `nop` box is white. A blue arrow points from the right side of the `monitorenter` box to the left side of the `nop` box.

InstructionImpl::nop
