

ByteReader.cpp

```
graph BT; AttributeInfo.cpp --> ByteReader.cpp
```

A diagram showing a dependency between two C++ files. At the top is a gray rectangular box labeled 'ByteReader.cpp'. Below it is a white rectangular box labeled 'AttributeInfo.cpp'. A blue arrow points vertically from the top of the 'AttributeInfo.cpp' box to the bottom of the 'ByteReader.cpp' box, indicating that 'AttributeInfo.cpp' depends on 'ByteReader.cpp'.

AttributeInfo.cpp
